

## Which course do I need?

### Heartsaver CPR\* (Adult/Child/Infant)

**Course Description:** This course covers infant, child, and adult CPR, AED (automated external defibrillator) training, and procedures for administering aid to choking victims. Students learn to recognize warning signs of heart attack and stroke in adults and breathing difficulties in children. This program teaches rescue breathing with and without the use of barrier devices. Upon completion of the course, students receive a Heartsaver CPR card that is valid for two years from the date of issue.

### Basic First Aid\*

**Course Description:** This course teaches rescuers to effectively treat ill or injured persons in the critical first minutes until emergency medical services personnel arrive. This course meets and exceeds standards set by the regulating agencies for first aid: Department of Labor & Industries, OSHA, and WISHA. Upon completion of this course, students receive a Basic First Aid card that is valid for two years from the date of issue.

### Heartsaver First Aid\*

**Course Description:** This course combines both CPR and First Aid skills into one class. Upon completion of the course, students receive a Heartsaver First Aid/CPR card that is valid for two years from the date of issue.

**\* Note:** Students are responsible for ensuring class certifications will fulfill employer or other requirements. This class typically does not meet requirements for health-care providers. Students must be at least 12 years of age.
